Sandaruwan Sankalpa Silva

Urban Informatics | Planning | University of Moratuwa | Business |
#valuefinder

Panadura DS Division, Western Province, Sri Lanka

Summary

I am currently pursuing a Bachelor of Science (Hons) in Urban Informatics & Planning at the University of Moratuwa, with a keen interest in the integration of artificial intelligence, GIS technologies, and data-driven methodologies to advance urban systems and sustainable development.

My academic and research interests are complemented by strong competencies in graphic design, audio production, and other creative disciplines, allowing me to approach problem-solving with both analytical and innovative perspectives.

I bring proven strengths in leadership, public speaking, and collaborative teamwork, and I excel in multidisciplinary environments where communication and strategic thinking are essential. I am deeply committed to contributing to impactful, forward-thinking urban solutions and continuously seek opportunities to learn, innovate, and contribute meaningfully to my field.

Experience

Suleco Pvt Ltd

10 months

GIS dev. & Data analyst

September 2025 - Present (6 months)

Sri Lanka

Currently working with Suleco Pvt Ltd under the division of SPATIO SDS as a part-time GIS Developer and Data Analyst. My work mainly focuses on handling geospatial data, complex data systems, and running analysis to support different projects.

I also contribute to data processing and visualization while working remotely, which gives me flexibility to balance tasks and deliver results effectively.

Geographic Information System Developer

May 2025 - September 2025 (5 months)

Sri Lanka

I joined Suleco Pvt Ltd as a GIS Developer intern, where I worked on different geospatial projects. I got hands-on experience with GIS tools, mapping, and data analysis while learning how these solutions are applied in real-world situations.

This role really helped me sharpen my technical skills and work closely with a great team and learned alot of new skills.

Alphagrid Global

Managing Director

December 2024 - Present (1 year 3 months)

Sri Lanka

Fiverr

6 years

GIS Developer & Data Analyst

December 2021 - Present (4 years 3 months)

As a proficient GIS Analyst, I have led numerous projects focused on data visualization and spatial analysis, providing critical insights and solutions across various sectors. My expertise includes leveraging advanced GIS tools and techniques to collect, analyze, and interpret spatial data, enabling effective decision-making.

I specialize in creating detailed maps, interactive visualizations, and comprehensive reports that communicate complex spatial information clearly and accurately. My work encompasses a range of spatial analyses, from environmental impact assessments to urban planning and resource management. With a strong commitment to precision and innovation, I have consistently delivered high-quality results that support strategic planning and operational efficiency.

My ability to transform data into actionable intelligence has been instrumental in driving successful project outcomes.

Graphic Designer

March 2020 - December 2024 (4 years 10 months)

As a experienced freelance graphic designer, I have delivered high-quality design solutions for diverse clients across various industries. My expertise includes crafting unique brand identities, designing impactful marketing

materials, creating user-friendly digital designs, and producing custom illustrations and visual content. I excel in Adobe Creative Suite and stay up-to-date with the latest design trends. My ability to manage multiple projects simultaneously, combined with a commitment to client collaboration and timely delivery, has allowed me to build lasting relationships and contribute to my clients' success.

Young Planners' Forum Sri Lanka

4 years 1 month
